GENERAL ORDER NUMBER 12

TITLE: Prohibited Activities for Personnel within the Authority of the Commander, United States Army Intelligence Center of Excellence (USAICoE) and Fort Huachuca

AUTHORITY: 10 U.S.C. Chapter 47 (Uniform Code of Military Justice); DoD Instruction 6200.03, Public Health Emergency Management (PHEM) Within the DoD, 28 March 2019; and AR 600-20, Army Command Policy, 6 November 2014

APPLICABILITY: This General Order applies to all individuals, whether military or Civilian, who are assigned, attached, live or work on, or visit Fort Huachuca, Arizona.¹ Paragraphs 2-5 are punitive. Service members (SMs) who violate this order are subject to prosecution under the UCMJ. Federal employees who violate this order may be subject to disciplinary or administrative action, including limited exclusion from the installation. All other persons who violate this order may be subject to administrative action, including exclusion from specific on-post facilities or the entire installation, or in exceptional cases, criminal prosecution. Directorate of Emergency Services (DES) will assist in enforcement across the installation where appropriate.

STATEMENT OF MILITARY PURPOSE AND NECESSITY: Due to the spread of the COVID-19 disease, including from asymptomatic carriers, aggressive prevention and mitigation measures are necessary to reduce its transmission. Restrictions on certain activities are essential to preserve the health of Soldiers, Civilians, Contractors and Family Members. In alignment with the measures taken by the State of Arizona, which may differ from U.S. Government and Department of Defense policy, it is prudent to restrict certain activities in order to maintain good order and discipline, health and safety, and ensure optimum readiness.

Other than those designated hours, all personnel (vaccinated and unvaccinated) patronizing on-post gyms will wear a mask at all times, except while exercising on cardio machines (treadmills, elliptical machines, stationary bikes, and rowing machines). Alternating cardio machines will remain closed to increase social distancing and limit the number of personnel in a room. Capacity per exercise room is limited to ten individuals, with the exception of the main gymnasium/basketball cardio area, which is limited to 27 individuals, and the Barnes Field House Pool, which is limited to no more than 12 individuals at any one time).
